

# Women's Golf Division 2023

There are numerous activities and competitions that are open to women statewide if you are a golf member of a private club with an established handicap. Some events require certain handicaps but others are open to everyone. Often, the events will have different flights based on handicap. As the schedules and information are released for future tournaments, we will share this information with you.

## OCGC Women's Division

The Olympia Country and Golf Club Women's Division is an optional program open to all female golfing members with an annual fee of \$25 for the special events. Dues are assessed annually to all women golf members. The Women's Division collaborates with the Head Golf Professional to provide opportunities to compete in a 2 Day weekend Championship Tournament in July and Wednesday Night Twilight events (May-September). All activities provide an opportunity to meet, socialize and compete with new and longtime members of Olympia Country and Golf Club.
